INTERIOR THAT  
*cheers!*

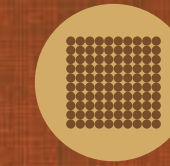

Feel the eternity of a splendid collection that gives you a feel of a supreme aura that flaunts a high end and contemporary flavor.

Style and Grandeur that takes your lifestyle decor to a new level and gives new definitions to perfection and quality. With latest technology and contemporary designs. Our Pre Laminated MDF Board brings to you an collection of High precision MDF Board that will revolutionize the World of P Decor. Let the designs and aesthetics cover your life space with exquisiteness so profound that you feel enchanted by your interiors.

## Performance that wood would envy

**Uniform and High Density:** Pdecor Pre Laminated MDF boards are very compact with uniform fiber density throughout. Their homogeneous construction makes them suitable for consistent applications.

**Hot and Humid Environment Resistant:** These boards are very durable with high resistance to adverse environments like heat and humidity. Their high resistance makes them suitable for all locations and applications such as kitchen cabinets, wall paneling on external walls etc

**Super Smooth:** Pdecor Pre Laminated MDF Boards have super smooth surfaces, making application of paint easier. The smooth surface, free from knots and foreign particles, is a perfect substrate for laminates or veneers.

**Environment friendly:** Pdecor Pre Laminated MDF is an eco friendly product and conforms to E2 Formaldehyde emission level grade of European Standards.

**Made with Scalper Technology:** Stringent manufacturing standards and the latest equipment make these boards technically superior. The boards undergo 128 points quality check during the manufacturing, to ensure unmatched product quality.

**Cost Effective All-rounder:** Pdecor Pre Laminated MDF is suitable for diverse applications. It is formable, chipping-free, easily moulded, and cost effective, making it a highly sought after product in the interior solutions industry.

**Resistance to Borers and Termites:** Pdecor Pre Laminated MDF Boards are highly resistant to termites and borers, ensuring greater durability.

## KEY FEATURES OF PRELAMINATED MDF BOARD

- P Décor MDF boards are made of 100% eucalyptus wood for higher density to making them ideal for polishing and painting.
- 8 head sander to insure perfectly calibrated panel surface and thickness.
- Uniform density properties allow freedom from knots and twists.
- Smooth surface, with uniform density and high internal bond, make it ideal for Carving, Routing, Painting and Lacquering.
- Available in exterior and interior grades and in variants of single-sided and double-sided laminations.
- Easy workability & highly economical.
- P Décor MDF boards are produced from 100% eco-friendly & agro-forestry wood.
